

Your Career Choice

Some questions you might ask yourself

Think of work experiences you have had in the past – what were the things you liked and didn't like about those jobs?

√ Liked

X Didn't Like

What are your hobbies and interests?

Which of these would you like to make a career out of?

What do people, who know you, say you are or would be good at?

Do you know people who have jobs you would love to have? What are they?

What were your dreams when you left school?

Is there an area of work or a hobby in which you feel completely at ease, competent and/or fulfilled in?

What subjects did you enjoy/ do well in at school?

What would you be disappointed not to have done at the end of your life?

Note: It could be helpful to have completed this and bring to any guidance appointment you are taking.
